SUBJECT INDEX TO VOLUME 36

A

Acute care, hospitalization reduction with nursing homes as providers of, 124
Acute renal failure, diclofenac treatment and, 482
Admission, two-step PPD testing for nursing home, 77
Adrenal lipid content and corticosteroidogenesis, aging and, 588
Adult development theory, clinical implications of, 769
Adverse drug relations
  management of, 79
  sensitivity of the elderly to, 145
Aging and rehabilitation, 177
Aging, modern biological theories of, 1081
AIDS, as a cause of dementia in the elderly, 139
Alcohol abuse
  effects on liver in the elderly, 255
  nature and extent of, 88
Alcohol use, studies in, 301
Alcoholism, diagnosis of, 675
Alzheimer's disease
  see also Dementia
  arecoline in, 582
  assessment of activities of daily living in, 97
  behavioral disturbance in, 1
  chronbiological changes in, 663
  coexistence and differentiation of late onset Huntington's disease and, 237
  correlation between CSF protein and word fluency in, 582
  depot neuroleptics for behavioral disorders in, 619
  depression in family members caring for relative with, 885
  diagnosis of dementia of the, 285
  early story of, 976
  gene expression in, 558
  hepatic levels of zinc, copper, cadmium and metallothionein in, 665
  high-dose naloxone in elderly and, 681
  hippocampal dysfunction in, 582
  lesion density in, 670
  lipolytic enzymes in, 670
  metabolic changes in, 298
  occurrence of familial, 664
  physical state of patients with, 219
  predicting intellectual level from Mini-Mental State Examination, 509
  psychiatric symptoms of, 7, 961
  THA treatment of, 581
Amyloid precursor protein, Alzheimer's disease and, 558
Anesthesia, incidence of postanesthetic complications after general and spinal, 672
Angina, PCTA for unstable, 579
Anthropometrics, reliability of, 584
Antianxiety agents, meprobamate use in the elderly, 1003
Antibiotic therapy, long-term care facilities and, 766
Antibody response, influenza B vaccine and, 593
Antidepressant metabolism, monitoring of, 380
Aortic stenosis, percutaneous balloon aortic valvuloplasty for, 768
Aphasia, diagnosis and treatment of, 1166
Arterial disease, diagnosis of, 607
Asymptomatic bacteriuria
  frequency of, 668
  treatment of, 473
Atherosclerotic peripheral arterial disease, antibodies against, 665

B

Bacteremia, nursing homes and, 726
Bacterial infection, diagnosis of, 589
Bed rest, physiology and complications of, 1047
Behavioral and pharmacologic treatments, incontinence in nursing home patients and, 40
Behavioral disorders, Alzheimer's disease and, 619
Behavioral problems, risk factors in nursing homes, 583
Behavioral training, for urinary incontinence in elderly ambulatory patients, 693
Behavioral disturbance, dementia of the Alzheimer's type and, 1
Behavioral problems, dementia and, 784
Benign paroxysmal positional vertigo, vestibular habituation training for, 425
Biological research, review for aging, 764
Biomechanics platform measures of balance, aged women and clinical determinants of, 996
Blastomycosis, 548
Board certification in geriatrics, 1164, 1165
Brain development, specific trophic factor-receptor interactions and, 466
Brain volume, changes in cerebral blood flow and, 293
Brain-injury, treatment for the elderly with, 225
Burglary, elderly and effects of, 666

C

Cambridge Mental Disorders of the Elderly Examination, diagnosis of mental disorder in the elderly with, 402
Cancer
  age bias in treatment of elderly with, 583
  detection of colorectal, 914
  palliative care for patient with, 961
  relationship between extent of disease and age at diagnosis, 873
Carbon dioxide laser, pyogenic granuloma of tongue treated by, 1036
Cardiac arrest, mechanism differences, 579
Cardiac catheterization, risk of acute tubular necrosis in, 584
Cardiac disease, unrecognized brain dysfunction with chronic severe, 22
Cardiac rehabilitation, psychological benefits of, 668
Cardiac valve dimensions, age-related changes in, 576
Carotene
  correction of levels of concentrations in institutionalized elderly, 1075
  institutionalized elderly and determination of serum, 431
Carotid surgery, local anesthesia and neuroleptic analgesia for, 545
Case-control studies, finding sources for, 119
Case-controls groups, elderly volunteers in, 482
Catastrophic situations, age and clinical decision-making in, 919
Cellular replicative capacity, tissue specificity of premature aging in diabetes and, 831
Cerebral blood flow, changes in brain volume and, 293
Cerebrovascular disease, current medical and surgical therapy for, 969
Cervical carcinoma, pap smear screening in women 65 and older and, 827
Chemstrip LN ®, evaluation of, 339
Chlamydia twar stain, acute pneumonia and, 588
Cholesterol levels, cell proliferation and, 585
Cholesterol, detection and evaluation of, 971
Choline magnesium trisalicylate, hematologic and renal safety of, 669
Chondrocytes, collagen synthesis of, 585
Chronic disease, sexual dysfunction and role of aging and, 520
Chronic heart failure, captopril vs, diuretics in, 668
Circulatory dementia, vascular disease and non-Alzheimer's type dementia, 22
Clinical decision-making
  age and catastrophic situations, 919
  geriatric assessment methods for, 342
Clostridium difficile, nursing home residents and, 658
CNS infection, elderly and, 670
Co-proxomal, dextropropoxyphene and nordextropropoxyphene after, 661
Coccidioidomycosis, 548
Cognitive functioning, vision and hearing losses and, 667
Cognitive impairment
  chronic severe cardiac disease and unrecognized, 22
  hearing impairment and dementia, 981
  mortality with and without, 660
  treatment decision-making capacity in patients with, 1055
  vitamin C status and, 675
Colonoscopy, elderly and, 972
Compliance, factors affecting, 653
Comprehensive geriatric assessment, consensus conference on, 377

© 1988 by the American Geriatrics Society

0002-8614/88/$3.50

Confusional states, treatment for femoral fracture and acute, 525
Congestive heart failure, clinical course of, 673
Consultation, targeting the hospitalized elderly for geriatric, 1113
Continued treatment of the fatally ill, 63
Cornell Scale, use in nondemented patients, 230
Coronary bypass surgery, complications in patients undergoing, 674
Coronary heart disease
  gemfibrozil in middle-aged men with dyslipidemia, 970
  plasma ANP levels and, 537
  presentation and characteristics in a long-term care institution, 586
  review in the elderly, 447
  risks factors for, 1023
Cost containment
  the elderly and, 68
  long-term care of the elderly, financing and, 355
Cost analysis
  health maintenance organizations and reduction of, 174
  length of hospital stay of frail elderly, 202
Creatinine clearance
  nursing home patients and predicted, 437
  prediction of, 588
Cystometry, characteristics in continent adults, 584

D

Death
  facing loss and, 1082
  nursing homes and, 671
  predictors of, 666
Decisions to leave home, 375, 1143
Dehydration, risk factors in nursing home residents, 213
Delirium
  causes of, 525
  elderly hospitalized patients and factors associated with, 1099
  management of primary hyperparathyroidism and, 157
Dementia Diagnostic Screening Questionnaire, use of, 13
Dementia
  See also Alzheimer's disease
  AIDS as a cause of, 139
  assessment of activities of daily living in Alzheimer's disease, 97
  caregiver stress and, 664
  conflicting attitudes toward euthanasia for patients with, 397
  data on dementia of the Alzheimer's type, 1074
  death and institutionalization in primary degenerative, 180
  diagnosis of Alzheimer's type, 285
  diagnostic screening for, 13
  disturbed families and disruptive behavior of patients with, 617
  driving in patients with, 1087
  effect of physician characteristics on diagnosis of, 671
  elevated parathyroid hormone in normocalcemic elderly patients with, 660
  ethics in the severly demented, minimally functional patient, 938
  evaluation of, 670
  excess disability in elderly patients with, 82
  hearing impairment as a predictor of cognitive decline in, 981
  naloxone and implications for, 681
  neurophysical correlates in vascular, 658
  pathological stealing in, 825
  policy and management in, 864
  populations study of, 664
  predictors and factors for outcome in Alzheimer's type, 659
  psychosis and depression in, 660
  routine testing of folate levels in assessment for, 755
  screening for, 662
  senile dementia of the Binswanger type, 768
  subscales of the Mattis Dementia Rating Scale for, 672
  troublesome and disruptive behaviors in, 784
  vitamin B_{12} deficiency in, 85
Depression
  bright evening light and, 582
  cures and treatment for, 176
  functional dependency and, 890
  hypothyroidism and, 284
  in family members caring for relative with Alzheimer's disease, 885
  irritability as a sign of, 736
  medically ill elderly and, 655
  pathophysiology of elderly, 176
  prevalence in medically hospitalized elderly patients, 581
  psychometric measures in, 581
  screening for, 656, 663
  self-rated scales for, 699
  use of the Cornell scale in dementia and, 230
Depressive symptoms, Alzheimer's disease and, 7
Desensitization, decreased receptor activation with age and, 1067
Detrusor–sphincter–dyssynergia, vs detrusor weakness, 284
Diabetes
  changes in cognitive function in, 661
  combination therapy of insulin plus oral agent in, 286
  differences in elderly vs younger patients with, 1167
  functional status and, 672
  myocardial infarction and, 791
  nursing home patients and diabetes mellitus, 391
  tissue specificity of premature aging in, 831
Diabetic hyperosmolar state, prognostic factors in, 574
Diagnosis, in geriatric health care, 73
Diclofenac treatment, acute renal failure associated with, 482
Disability
  aging with a, 763
  demented elderly patients and excess, 82
Disease–disability–mortality classification, 1164
Disturbed families, disruptive behavior in demented patients living within, 617
Docusate salts, prevention of constipation and, 586
DRG's, nursing homes and, 583
Drivers
  dementia and, 1087
  elderly nondrivers and, 813
  medicine, policy, and ethics in elderly, 1135
Drug information, health care professional, 1081
Drug usage, geriatric assessment units and, 671
Drug utilization review, histamine-2 receptor use in long-term care facilities, 531
Drug-related hospital admissions, older medical patients and, 1092
Drugs

  reduction of hospitalization with acute care at, 124
  risk factors for dehydration among residents of, 213
  routine annual laboratory test in, 766
  treatment for urinary incontinence in, 902
  treatment decisions for infections occurring among residents of, 820
Nutrition
  academic nursing home and status of, 487
  diabetes mellitus in nursing home patients and, 391
  intervention in, 87
  malnutrition in morbidity and mortality in the very old, 653
  occurrence and predictors of pressure sores and, 807

O

Old age, western art and, 481
Older Americans Resources and Services Questionnaire, validity of a Brazilian version of, 687
Open heart surgery, in the eighth and ninth decades of life, 1123
Oral intake disabilities, weight loss and, 673
Osteopenia
  in the elderly male, 85
  osteoporosis and, 845
  screening for, 655
Osteoporosis, management of, 845, 975
Oxybutynin, treatment for incontinence in nursing home patients, 40

P

Paget's disease of bone, treatment of, 1011
Pap smears, screening in women 65 and older, 827
Parathyroidectomy, hyperparathyroidism with severe osteoporosis, 588
Parkinson's disease, Alzheimer's disease and, 770
Patient care plans, nursing home patients and, 47
Patient interests, clinical implications of philosophical distinctions, 951
Performance-based assessment, among elderly drivers and nondrivers, 813
Peritoneal dialysis, acute renal failure and, 1039
Phenytoin interaction, loss of seizure control with, 542
Physical impairments, effects of exercise on, 130
Physical restraints in acute care setting, 587
Physician visit length, geriatric care and, 713
Plasma ANP levels, heart disease and, 537
Plasma leucocyte elastase, infection marker, 585
Pneumococcal vaccine
  age-related antibody kinetics of, 576
  increased use of influenza and, 897
Pneumonia, prognostic factors in patients hospitalized with, 587
Polypharmacy, telephone prescribing in nursing homes and, 574
Postural blood pressure, diurnal measurement of, 655
Posture change, hemodynamic responses to, 795
PPD testing, nursing home admission, 77
Prediction equations, problems with, 1072
Premature aging, diabetes mellitus and tissue specificity of, 831
Prescribing for the elderly, differences due to age, 245
Prescribing for the elderly, sensitivity to adverse drug reactions, 142
Pressure sores
  air fluidized beds and, 586
  occurrence and predictors of, 807
  wound healing with volume measurement of, 444
Primary care physicians, health care needs of older patients and, 719
Primary degenerative dementia, behavioral disturbance in, 1
Primary intracerebral hemorrhage, effects of dezamethasone in, 868
Progressive supranuclear palsy, dysarthria and dysphagia in, 668
Prostate cancer
  age and, 671
  management of, 869
  screening and early diagnosis of, 587
Protein, pressure sores and protein calorie malnutrition, 807
Prosthesis infections, incidence of, 657
Psychiatric symptoms
  Alzheimer's disease and, 7
  vitamin B_{12} deficiency and, 1105
Psychoactive drugs, hematemesis after discontinuation of, 1045
Psychogeriatrics, an approach to, 1169
Psychotropic drug practice in nursing homes, 409
Pyogenic granuloma of the tongue, carbon dioxide laser for, 1036

Q

Quality of care, hospital mortality rates and measurement of, 860

R

Race-related differences, urban elderly and, 667
Rate responsive cardiac pacing, use of, 661
Receptor activation, age and decreased, 1067
Recurrent sigmoid volvulus, surgical treatment of, 648
Religious activities and attitudes of elderly, 362
Renal function
  peritoneal dialysis and acute renal failure, 1039
  predicted creatinine clearance in nursing home patients and, 437
Rheumatism, elderly vs younger patients with nonarticular, 987
Right-to-Die, New Jersey Supreme Court deregulates cases of, 476
Rule of halves, excess disability in demented elderly outpatients, 82

S

Salmon calcitonin nasal spray, treatment of Paget's disease of bone with, 1011
Salt ingestion, blood pressure and dietary, 589
Sarcoidosis, diagnosis of, 73
Schizophrenia, DSM-III schizophrenia vs late onset schizophrenia-like illness, 104
Screening, dementia diagnostic, 13
Seizure control, phenytoin interaction with an oral feeding results in loss of, 542
Self-rated depression scales, older hospitalized patient with medical illness and, 699
Serum albumin, effect of aging on, 660
Serum B_{12} level, normal Schilling's test and low, 649
Serum carotene, institutionalized elderly and, 430
Serum zinc levels, decubitus ulcers and, 664
Severe illness, depression and functional dependency after, 890
Sexual dysfunction
  aging and chronic disease in, 520
  hormonal and organic factors in, 511
  vacuum constriction devices and, 648
Shoulder disorders, elderly and, 1166
Sigmoidoscope, colorectal cancer detection with the 60 cm flexible, 914
Sleep apnea
  mortality and, 581
  periodic leg movements and, 502
Social role functioning, dementia and interference of, 97
Social support
  health differences and, 113
  recovery of function after hip fracture and role of, 801
Specific trophic factor-receptor interactions, brain development and, 457
Sporotrichosis, 548
Stealing, dementia and pathological, 825
Streptococcal infections, outbreak of, 669
Stroke, functional assessment after, 661
Stroke, nimodipine in acute ischemic, 969
Surgery
  carotid surgery under local anesthesia and neuroleptic analgesia, 545
  effects of age on outcome after coronary bypass, 1167
  open heart surgery in patients in the eighth and ninth decades of life, 579, 1123
  preoperative considerations in the geriatric patient, 869
Sway, biomechanics platform measures of balance in aged women, 996
Systolic Hypertension in the Elderly Program, study on treatment for isolated systolic hypertension, 1015

T

Telephone prescribing, polypharmacy in nursing homes by, 574
Telephone support service, reduction of medical care use with, 307
Thrombotic thrombocytopenia purpura, review of, 331
Thyroid function studies, iodinated glycerol and, 911
Thyroid hormones, influence of aging on metabolism of, 312
Timed testing of hand function, prediction of future use of long-term care services with, 577
Treatment decision-making capacity in medically ill patients, assessment of, 1055
Treatment termination decisions, medical-legal framework for, 476
Tube feeding, advanced and terminal neurological disease and, 574
Tuberculin skin testing, significance in the elderly, 867
Tuberculosis
  nursing home admission two-step PPD testing and, 77
  preventitive treatment for, 867

U

Urinary incontinence
bacteremia and, 726
behavioral training for, 693
habit training and oxybutynin for nursing home patients with, 40
incidence of, 600
labor and supply costs in nursing homes for, 34
nursing homes and, 654
predictors of urodynamic diagnosis in, 576
referral of patients with, 662
treatment for, 902
Urine bacteriologic screening, 339

V

Vaccination, antibody response to influenza B, 593
Ventricular septal thickness, age and, 656
Vertigo, vestibular habituation training for benign paroxysmal positional, 425
Vestibular habituation training, benign paroxysmal positional vertigo and, 425
Visual impairment, cognitive decline predictor, 577
Visual testing, elderly drivers and nondrivers, 813
Vitamin B_{12} deficiency
demented patients with, 85
psychiatric manifestations of, 1105

W

Wasting malnutrition, 179
Withholding treatment, physicians' and nurses' attitudes toward, 870
Wound healing, pressure sore volume measurement, 444

Y

Younger physicians, ethical perspectives in geriatrics and, 565
